

# SMARTFINDER

Losing items will no longer  
be a problem

## SMARTFINDER

SMARTFINDER is the useful and safe **tracker** that allows you to keep track of the most precious items you own.

Thanks to the **resistant nylon lacet**, it is possible to attach it to backpacks, keys, bags, umbrellas, bicycles, bags, suitcases, etc ...

In addition, this tracker has obtained **Apple MFI certification** and, for this reason, is recognized by the **"Find My"** application installed on all Apple devices; in this way it will be possible to locate objects equipped with SMARTFINDER anywhere, directly from the application.

### 6 INNOVATIVE ADVANTAGES

1

#### Accurate location

Track the lost items within a few seconds

2

#### Anti-tracking function

Once the tracker is connected to your device, no one else can connect to your SMARTFINDER

3

#### Long-life battery

The battery is designed to withstand prolonged use

4

#### High performance and low energy consumption

SMARTFINDER uses the Apple certified chip that guarantees high performance

5

#### Easy configuration with the Apple "Find My" app

It does not require the download of an app, but uses "Find My" already installed on Apple devices

6

#### Fast location

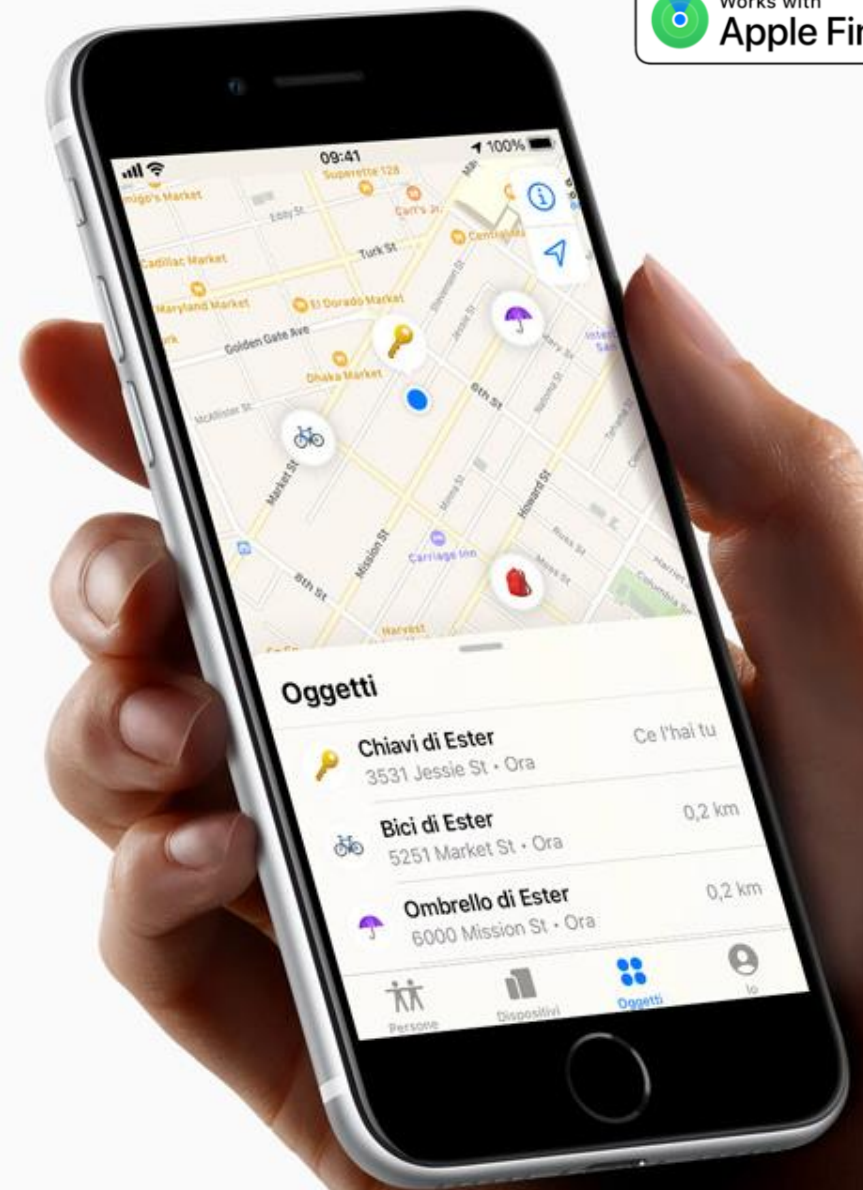

Easy to use: With a simple touch of the phone screen, find lost things easily

## FIND MY APP

The “Find My” application is **available on all Apple devices** (Apple Watch, iPhone, iPad and Mac) and allows you to detect and locate any object to which Smart Tag is attached.

Through the **map** it is possible to view the **precise location** (street and distance) of the objects. In this way it will be impossible to lose your most precious objects.

## IDEAL FOR TRAVEL & DAILY LIFE

By attaching the SMARTFINDER to the most precious objects, it will be possible to monitor them and, in case of loss, to **track them down quickly and precisely**. This feature makes SMARTFINDER the ideal travel companion for all those who love to travel.
