Gaming Control

Play to your full potential with the Trust Ybar Gaming Mouse. A sleek design, full RGB LED lighting, comfortable grip and winning accuracy make this the tool that will amp up your gaming fun.

Control at your Fingertips

The Ybar gives you everything you need at your fingertips. It's fitted with a fast-tracking optical sensor and customisable DPI settings, allowing you to quickly gear up or down between 200-7200 DPI. The six responsive buttons, including two thumb buttons, ensure seamless operation.

Smooth Actions

The form factor of the mouse is especially designed to support right-handed players and give them intuitive control. The textured sides add grip and comfort that will last for hours and the smooth, low-friction gliding pads make for swift actions on any surface. Plus, a braided 2.1m cable grants you a great range of gaming motion.

Advanced Programming

Advanced software allows you to program the mouse to finetune your actions. You can program the six buttons, profiles and macros and even the light effects (from rainbow wave to breathing RGB) for a fully customised gaming experience to match your setup.
