# Gigaset COMFORT 500 IP flex

The new standard in comfortable communication at home and for home offices

### **Highlights**

- o Timeless and elegant design
- 2.2" TFT colour display for optimal readability
- Hands-free function & headset connection
- Two display keys for important functions
- Brilliant audio quality (HDSP™) for VoIP calls
- Local call protection
- Cloud-based services and Gigaset apps for connecting to smartphones (iOS/Android)
- Can be used flexibly for landline and Internet telephony, provider-independent
- Hearing aid compatible
- Removable belt clip

With the COMFORT 500 IP flex, Gigaset presents the new standard for cordless analog and IP telephony at home and in the home office. The timeless, elegant design cuts a fine figure both on the desk and throughout the home.

#### Calls and conference calls in HD quality

For professional use, the Gigaset COMFORT 500 IP flex impresses with a professional headset connection and an integrated hands-free feature in HD quality: this leaves your hands free for good conversations and direct transcripts. Excellent voice quality is also guaranteed for classic phone calls.

#### A sustainable design for all generations

The new Gigaset generation gives lasting pleasure with high-quality materials and simple operation. And that even across generations: Thanks to the optimal readability of the display and hearing aid compatibility, enjoying communication is no longer a question of age.

#### Call protection blocks unwanted numbers

Unsolicited calls are a challenge in every phase of life: In order to be protected from annoying advertising calls, the COMFORT 500 IP flex has a local, individual blocklist for up to 70 phone numbers.

#### Innovative technologies, Made In Germany

The Gigaset COMFORT 500 IP flex is based on our decades of experience in building high-quality communication solutions. Continuously developed technologies such as ECO DECT and Green Office Energy Saving ensure excellent connections in combination with a modern design. A new masterpiece, developed and 'Made In Germany'.

## **Technical Specifications**

rdering Information	Colour	silver-black	
	Audio quality	<ul> <li>Brilliant audio quality (HDSP™) for VoIP calls</li> <li>First-class sound quality and volume, even in hands-free mode</li> </ul>	
	Codecs	G.722	
Audio	Hands-free function	Handsfree mode on the handset	
Audio	Acoustic profiles	Two acoustic profiles for optimal hearing (high/low)	
	Ringtone output	<ul><li>On the handset</li><li>Ringtone volume adjustable in 5 steps</li></ul>	
	Hearing aid compatible	HAC (hearing-aid-compatible)	
	Key type	Ergonomic keyboard made of high-quality material with noticeable key pressure	
	Keyboard illumination	<ul> <li>Illuminated keypad and navigation area: amber</li> <li>Illuminated pick-up/hang-up key, incl. hands-free function</li> <li>5-way navigation button</li> </ul>	
	Operation	<ul><li>Direct dialling from the call list possible</li><li>Safe operation due to large individual buttons</li></ul>	
Keyboard	Functions	<ul> <li>Two freely assignable display keys for frequently used functions</li> <li>Assigning the display keys by pressing the display key for a long time</li> <li>Programmable speed dialling keys (keys 2 - 9)</li> <li>Flash function via "0" key</li> <li>Flash times adjustable</li> <li>Key lock on/off via # key</li> <li>Ringtone on/off via * key</li> </ul>	
	Туре	TFT colour display	
	Size (inch)	2.2"	
	Size (H xW)	44 x 35 mm	
Display	Resolution	220 x 176 Pixel	
Βισριαγ	Colours	64 Thousand	
	Lighting	Display illumination with adjustable colour schemes (black or white)	
	Properties	Best readability     High contrast	
Functions	E-Mail	<ul> <li>Indication of new emails by flashing message key</li> <li>Display of the first 560 characters of an email on the handset</li> <li>Deleting an Email on the Handset</li> <li>Supports POP3/POP3S email accounts</li> </ul>	
	SMS	<ul> <li>Send and receive SMS up to 612 characters</li> <li>Storage of 30 SMS with 90 digits</li> <li>Transferring a phone number from SMS to the address book</li> <li>Sending and receiving SMS via fixed network or IP (RTP)</li> <li>Simple set-up of the SMS function, incl. registration</li> <li>Easy access to SMS services (info channels)</li> <li>Sending SMS to email address</li> </ul>	
	Alarm clock	Alarm clock with adjustable melody and snooze function	
	Baby phone	<ul> <li>Room monitoring (baby monitor) with adjustable intercom function</li> <li>Forwarding to external, e.g. mobile phone</li> <li>Forwarding to internal, to additional handset</li> </ul>	
	Direct call	The direct call function allows you to dial a preset telephone numby pressing any key.	
	Calendar	<ul> <li>Calendar with monthly overview and appointment planner for:</li> <li>30 Appointments with text and separate ringtone</li> <li>Birthday reminder for each phone book entry</li> </ul>	

Jumbo mode Screen saver CLIP Incoming calls Missed call	Make free calls between Gigaset IP phones worldwide  Multiline for up to: 6 handsets, 6 SIP numbers (also from different providers) and 1 landline (analogue)  Up to 3 parallel calls (1 landline call + 2 internet calls)  Assign SIP accounts individually to handsets (especially sending and receiving direction)  Simple configuration of Internet telephony (VoIP) using a wizard  SIP VoIP telephony codecs: G.711, G.722, G.726, G.729AB  Large font when dialling  Analogue or digital clock  Gigaset Online Services (weather, news feeds and horoscope)  Call display with telephone number or name (CLIP/CNIP)  Call animation in the display  Flashing handset key  Name substitution from telephone book  Display and flashing message key signal missed calls and provide convenient access to the message list (LED flashing can be switched)	
Screen saver CLIP Incoming calls	Analogue or digital clock     Gigaset Online Services (weather, news feeds and horoscope)  Call display with telephone number or name (CLIP/CNIP)      Call animation in the display     Flashing handset key     Name substitution from telephone book  Display and flashing message key signal missed calls and provide convenient access to the message list (LED flashing can be switched)
