

PHILIPS

WelcomeEye Link

531034

Wireless connected video doorbell
with rechargeable battery

Make your entrances secure with the latest in the Philips WelcomeEye range.

This connected video doorbell allows you to control and view your entrances from your smartphone or, using your smart speaker, by displaying the video on your Android TV (from Android 8.1).

Its full HD wide-angle image quality, rechargeable batteries, active noise reduction and the robustness of the Philips WelcomeEye Link ensures it is easy to install and use.

+ product

Connected solution: wherever you are, control your entrances and be informed when visitors arrive, using your smartphone
