Action-Ready Gaming Keyboard

Be prepared for any in-game action with the Ziva keyboard. Its full-size layout gives you quick control as the sturdy, spill-resistant design and special gaming mode (disabling the Windows key) allow for non-stop gaming. Have the LED illumination put you in a winning mood and let the games begin.

Spotlight on Mouse Control

Multicolour LED lighting will shine a light on your skills as you guide the illuminated Ziva mouse through the game. With adjustable speed (1000-3000 DPI) and a rubber coating, you've got the speed and grip needed to take control. The included gaming mousepad has a large surface, and its texture is suited for all mouse sensitivities and sensors, so you have the freedom to make those winning moves.

Headset Set for Victory

The Ziva headset makes gaming both more fun and more comfortable. Fully enjoy the audioscape of your game or talk tactics through the microphone - which you can also easily fold away. The soft over-ear cushions keep you comfortable throughout even the longest of gaming sessions.
