Powered

Point-to-Point Connection: HDMI to HDMI

Screen sharing from your notebook or tablet to a HDMI TV/Monitor.

Enhanced Viewing Experience

Ultra-high-definition (4K) picture quality ensures crystal clear images and vibrant colors.

Freedom from Cables

Eliminates the need for HDMI cables, reducing clutter and providing a clean setup.

Low Latency

Ensures smooth, lag-free video and audio transmission, which is crucial for gaming and real-time presentations.

Ease of Setup

Plug-and-play functionality makes it easy to install and use without extensive configuration.

Portability

Compact design makes it easy to move and set up in different locations, suitable for both home and professional use.

Compatibility

Works with a wide range of devices, including TVs, projectors, laptops, and gaming consoles.

Wide Usage

Perfect for streaming movies, playing video games, watching sports; business meeting or educational presentations; events and presentations.
