EO0056

Made in China

Width adjustable to fit a variety of desktop shapes and sizes.

Digital controller can easily adjust the height with programmable presets in minimum noise level.

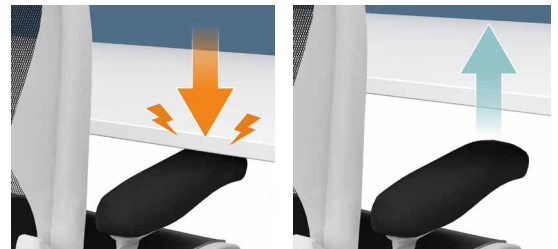

Strong motor for heavier lifting and stability, with thermal and overload protection.

Adjustable feet level and adapt to most floor surface.

2 column stages offer more adjustability.

Safety Collision Avoidance System

If the desk hits an object, it will move in the opposite direction upward (downward) for about 3 cm.

Personalized Ergonomic Workstation

The perfect solution for anyone who likes to work standing up or simply wants to change their sitting position regularly. The digital controller can easily adjust the frame to the desired height. Ideal for office, school and home environments.
