Whether you have problem getting past large connectors or not wanting to disconnect complex cable runs, these zipper cable sleeve side-entry braided wrap is the ideal cable management solution for homes, offices and industrial facilities.

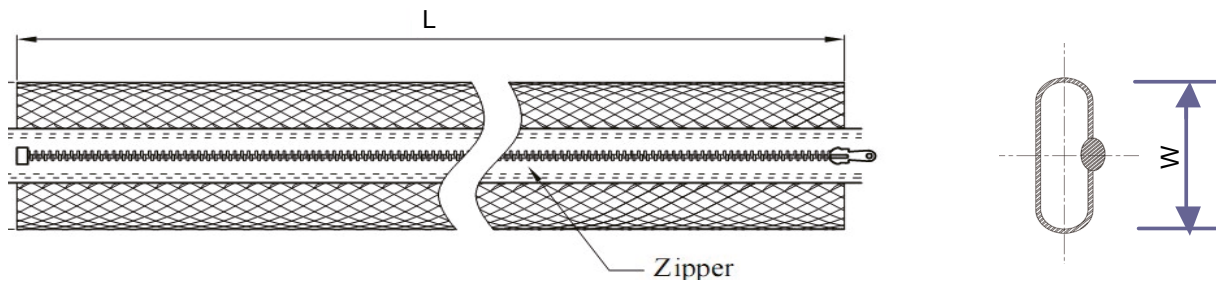

Feature:

- » Bundles cables at any point along the cable runs, easily avoiding large connectors and plugs for quick and easy installation
- » The versatility of a cable wrap and the 360° protection of a braided sleeving
- » Zipper provides maximum security for cables, unlike other side-entry or split braided sleeving that can easily be removed by accident
- » Heavy duty polyester construction ensures great durability
- » Perfect for applications where the cables are already installed, just wrap the Zipper Sleeve around your cable bundle, and attach the zipper slider which brings the two sides together to hide and conceal multiple cables
