

KEY POINTS

- Internet radio
- DAB+ / DAB / FM
- Optical & Line out
- System remote
-  Danish design

DESCRIPTION

Tangent's Tuner III takes the strengths of Tuner II and adds modern features.

Thanks to its Skytune module, it can access FM, DAB and DAB+ stations as well as thousands of internet radio stations via a network connection, using WiFi or Ethernet.

Its compact, elegant design blends harmoniously into any environment.

On the audio side, Tuner III delivers remarkable sound quality thanks to its 16-bit / 48 kHz DAC and a signal-to-noise ratio in excess of 92 dBA.

It is equipped with stereo RCA analogue and optical digital outputs for easy integration into any hi-fi system.

A must-have for radio enthusiasts looking for versatility and performance.
